- COVID-19 Vaccine distribution – Sheryl stated there was some more exciting news regarding the COVID vaccine that will be distributed soon to provide some hope that we are hopefully coming to the end of this pandemic. Sheryl reported that the Road Commission is included under the front line workers category eligible to receive the COVID vaccine in Phase 1B in our County. This would include staff who perform winter maintenance functions. Sheryl clarified that we are not mandating staff have this vaccine, it is voluntary. Sheryl provided thanks to both County Commissioners and commended the County Health Department in supporting our organization through this pandemic.
- Sheryl spoke with Scott Cummings from MCRCSIP – there is further legislation moving through the system regarding the Open Meetings Act to continue government meetings remote through March 31, 2021. The current provision for remote meetings expires at the end of December 2020.

ENGINEERING REPORT – Matt MacDonell, Director of Engineering

- Miller Road – this project is not finished. Miller Road will remain closed until the spring 2021 construction season. The delays were caused by DTE Gas which caused the Road Commission not being able to get all the road work accomplished on Miller Road. - Engineering is working on 2021 projects.
